experience

C3.ai
Product Designer
Redwood City, California
03.2025 – Present

Built an 8-agent maintenance triage suite across 5 aircraft fleets, **saving 3,350 hours and \$8.8M annually**. Scaled model management from **170 to 500+ live models** by **improving the speed of model creation by 400%**.

NASA (CMU Sponsor)
Product Designer
Mountain View, California
01.2024 – 08.2024

Designed and developed from 0 to 1 the creation of 2 tasks and a guideline manual for NASA researchers, **accelerating their research process by 25%** for future task creation and Mars missions.

NCR
UI/UX Designer (Part-time)
UI/UX Design Intern
Atlanta, Georgia
05.2022 – 01.2023

Aggregated internal and external persona data through monthly user interviews, helping **50+ people** internally by improving the design hand-off workflow. Enhanced subscription and billing user flow for **100,000+ customers**, **increasing productivity by over 50%**.

Design Bloc
Product Designer (Part-time)
Atlanta, Georgia
08.2019 – 05.2023

Rebranded the Hunter Hills neighborhood community, preserving its heritage and increasing voice. Led **20+ training workshops on design thinking**, increasing problem-solving skills for user-centric projects.
